COVID-19: what to do

If you have any of the following symptoms:

Fever

Cough

Other symptoms that your doctor should assess: loss of smell and taste, chills, sore throat, muscle aches, headache, general weakness, diarrhoea or vomiting, among others.

Stay at home and call the hotline for your region

If you experience:

Shortness of breath

A worsening of symptoms

A feeling of heaviness

Chest pain

Call 112

This is an emergency telephone number

We must all use it wisely
